

Limmud volunteers from communities in Europe are currently planning the creation of a new region based entity - Limmud Europe. The objective of the Association, which will be established in the Netherlands will be to contribute to a vibrant pan-European Jewish community, anchored in Limmud Values, learning, social justice and human rights.

Limmud Europe will nurture, network and serve Limmud communities in Europe. Through this we will connect, strengthen and enrich European Jewish life for individuals and local communities across Europe.

On Sunday at 5.15 pm at the bUm we will hold a symbolic signing ceremony to establish the organization, followed by a reception.

THANKS TO

limmud.de
